Forecast For Wales
Issued by Met Office Exeter
at 0400 on Saturday 10 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with some early rain and heavier showers.

Today:
Patchy rain affecting the south initially will soon clear. A cloudy day for most with some showers developing, mainly but not exclusively in the north. Some of these could be heavy and possibly thundery. Maximum temperature 21 deg C (70 deg F).

Tonight:
Showers gradually ease through the evening and southern parts may receive late sunny spells. Cloudy and mostly dry overnight, but a few showers may push into southwestern areas before dawn. Minimum temperature 12 deg C (54 deg F).

Sunday:
A mixture of patchy light rain and heavier showers is likely, with a slight risk of thunder in the north. Eastern parts tending to be drier and brighter. Maximum temperature 21 deg C (70 deg F).

Outlook for Monday to Wednesday:
Scattered showers on Monday, some heavy and a risk of thunder and hail. Drier with many sunny spells on Tuesday, with some showers affecting eastern areas. Mostly dry on Wednesday.
